Core Competencies

- IT Consulting & Support – Cloud solutions, IT infrastructure support, project management, and digital transformation advisory.
- Staffing Solutions – Contract, contract-to-hire, and long-term placement for IT and professional roles.
- Technology Services – System integration, software implementation, and enterprise support.
- Project-Based Services – Tailored solutions for government and commercial clients to meet mission-critical needs.

Differentiators

- Registered & Certified Vendor – Texas LLC, CMBL-certified (#552076), fully insured (\$1M General & Professional Liability).
- SAM.gov Registration – In progress for federal contracting eligibility.
- Agility & Speed – Rapid mobilization of IT talent and technology services.
- Proven Delivery – Transparent project execution with measurable milestones and accountability.
- Diversity Advantage – Woman-owned small business (eligible for future WOSB/HUB certifications).

Past Performance

As a newly formed business, NexaTek is building its federal and state contracting portfolio. Our leadership and extended team bring prior experience delivering IT consulting, staffing solutions, and project-based services for private and public sector clients. This expertise allows NexaTek to step in with confidence, even without direct past performance contracts under the LLC name.

Certifications & Registrations

- Texas LLC – Active with Texas Secretary of State
- CMBL Certified Vendor (#552076) – Texas Comptroller
- Insurance – General & Professional Liability (\$1M)
- SAM.gov – Registration in progress
